To Whom It May Concern:

I am pleased to write this letter of recommendation for Bozhidar Abadzhiev, who has been employed at Park Mark Gas Station (Tesoro) for the past five months. As Bozhidar's direct supervisor, I have had the pleasure of observing his professional work and his exceptional contributions to our team.

Bozhidar was a significant part of the maintenance and development of the gas station during the time he worked for the company. During the summer he was outstanding with taking care of the database with all the products we were selling at that time, fixing the errors that occurred in the system and managing the sales. Excellent knowledge of hardware and software, which was useful if there was a problem with the cash register computers.

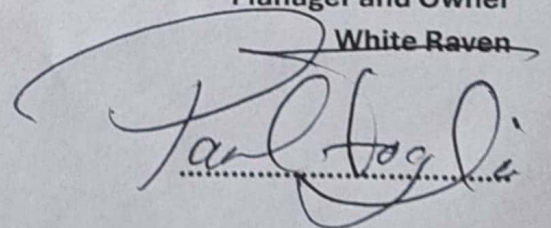

Bozhidar's interpersonal skills are equally impressive. He is a collaborative team member who consistently supports and motivates his colleagues. His leadership and problem-solving skills have been evident in her role as the lead on cross-functional projects, where he demonstrated his capability to manage complex tasks and deliver results.

Bozhidar's commitment to excellence and his proactive attitude make him a valuable asset to any organization. I am confident that he will bring the same level of dedication and success to her future endeavors.
